Sub: Industries-sericulture-organisation of canteen in the Government Silk Filature, Kollegal-improvements to lunch shed.

Ref: G.O. No. Ms. 3721 Development dated 17.8.51.

In the G.O. cited, sanction was accorded for an expenditure of Rs. 7,000/- for carrying out certain improvements to the existing lunch shed at the Government Silk Filature, Kollegal, for accommodating a canteen and ~~electric~~ for the use of the workers. The Chief Engineer, Public Works Department, Madras, was requested to instruct the Executive Engineer, Public Works Department, Salem Division, Metter Dam to take up the work during this year itself, and replied pointing out that sanction of Government is necessary for the execution of the work during the current year (vide copy of the Chief Engineer's letter No. 1536 D/51-5 dated 3.11.51 enclosed.). The Chief Inspector of Factories, Madras, has constantly been pressing for the organisation of canteen as per the provisions of the factories act in the Government Silk Filatures, Kollegal. It has therefore become urgently necessary that the work of effecting some improvements to the existing lunch shed in order to accommodate the canteen should be taken in hand immediately and completed before the end of this year. In this connection, I invited reference to G.O. No. 1563, Development dated 27.4.1951, wherein Government have ordered that action should be taken immediately for the implementation of the suggestions of the Chief Inspector of Factories, Madras. In the circumstances, I request that Government may be pleased to issue necessary instructions to the Chief Engineer, Public Works Department, to take up and complete the work during the current year. I request early orders of Government.
